

Create a truly mobile connected business

Your business relies on mobility more and more each day and your employees' needs are changing.

Your employees are being more productive in the field than ever before – consulting, making fast decisions, fulfilling orders and serving customers on the move.

Embracing the benefits of mobility comes with business challenges – managing cost and ensuring data consumption is under control, keeping important data secure and providing support to your increasingly complex mobile environment.

Whether smartphone or tablet – Connected Business Mobile Plans bring together the best of Telstra to help you create the perfect solution and reap the rewards of mobility.

Take control and create your own solution

Help your team be productive on the go with a complete mobility solution. Choose the mix of plans you need and add support services such as Telstra Mobile Device Management with Zimperium security, Stay Connected Plus® or Telstra New Phone Feeling™ or Telstra New Tablet Feeling™ and 24/7 support. Best of all – let Telstra bring it all together to help you reap the rewards of a truly mobile and connected business.

Cost control

- Comprehensive plans for handsets and tablets with a range of inclusions to help you select what your team needs and minimise spikes in costs associated with excess data, device replacement and service.

- Scale with value. The more Connected Business Mobile services you have the more call rate value you get.
- One partner, one bill. Your entire solution will be captured in one Telstra bill for complete transparency.

Multiple choice, one solution

- Flexibility to equip your leaders with high inclusion smartphone plans with international roaming and enable your field force with connected tablets.
- Share data across eligible plans on your account and have the peace of mind that you can cater for light and heavy users.
- Help create the perfect solution for your team – whether Telstra Business Service Desk, International Roaming, Telstra Mobile Device Management (T-MDM), or Stay Connected Plus® and New Phone/Tablet Feeling – the choice is yours.

Confidence and control

- Set security policies and remotely configure compatible devices with T-MDM and trust Zimperium (zIPS) to help protect your devices from malicious device threats.
- Replace lost devices and retrieve backed-up data with Stay Connected Plus®. New Phone/Tablet Feeling lets your team update their eligible devices after 12 months so they have the latest technology to help them stay productive.
- Choose the managed mobility services option that works for you or get access to our online and over-the-phone tools with dedicated 24x7 helpdesk support.

Managed mobility services

Choose the managed mobility services option that works for you or get access to our online and over-the-phone tools with dedicated 24x7 helpdesk support. Speak with your Telstra Representative today on the best solution for your business.

Things you need to know

International Call Allowance: Selected countries include Canada, China, Hong Kong, India, Malaysia, New Zealand, Singapore, South Korea, USA and the UK.

Telstra New Phone/Tablet Feeling: From the 13th month of your existing Device Payment Contract (DPC), the remaining payments for your existing device will be waived if you: agree to pay a one off redemption fee, return your device undamaged and in good working order (with any proof of identity or documentation we may request) within 14 days of purchase, sign up to a new eligible mobile and DPC and transfer title of your device to a second hand device vendor nominated by Telstra. If your device does not comply with these criteria, we may charge you your remaining DPC payments. Your existing device must be returned with all activation and device locking features disabled (e.g. Find My iPhone on iOS 7 devices). If you do not, we may charge you a fee equal to the fair market value of your existing device. We will also return your inoperable device to you and charge you for the shipping.

StayConnected Plus for Business: You must subscribe to StayConnected Plus for Business at the same time of purchasing a new mobile device on our Mobile Repayment Option with an eligible plan. You may cancel your subscription at anytime. You may swap or replace your device for a same or similar device twice in each 12 month period, subject to payment of a service fee of up to \$220 each time. An exchange or replacement device is usually a refurbished device that is the same model as your current device, or a comparable device. If the original device is still in your possession you must unlock it and disable passwords and security features, then return it within 14 days of receiving the exchange device. If you do not return your original device within this time period you will be charged a Device Non Return Fee. You may also be charged an Inoperable Device Fee if you return a locked or security enabled device. If you have the right to a replacement under a warranty or consumer guarantee, you won't be charged a service fee. Mobile Security and Data Protection features are only available on compatible iOS and Android smartphones and tablets. Some Mobile Security features including remote lock, anti-virus and safe browsing are not supported on iOS devices. For full StayConnected Plus for Business Customer Terms visit telstra.com/business/stayconnected

Telstra Mobile Device Management: T-MDM is compatible with iOS 7+, Android (v4 and above) and Windows® Phone 8.1+. Mobile device features and functions can vary by OS version and manufacturer. For further information about T-MDM please see Our Customer Terms.
